C. of E. PRIMARY SCHOOL

We use the award winning Charanga website to support our delivery of high quality Music lessons.

Our music curriculum is an integrated, practical and exploratory approach to musical learning.

Singing is at the heart of all musical learning, so each sequence of work includes both singing, and learning to play instruments.

As the children's musical learning develops, they are exposed to musical notation, but much of the playing and singing is done by ear.

Improvising and composing are also important elements of many units of learning, and are undertaken both with singing and instrumental playing.

Children embed their understanding of the interrelated dimensions of music (pulse, rhythm, pitch, dynamics, tempo, timbre, structure, texture and notation) through interactive games, which use movement and repetition.

Children listen to a variety of music from a range of different styles, times and cultures.

They are encouraged to discuss, contrast and compare the pieces, as well as explore the musical structure.

The interrelated dimensions of music are woven through the units to encourage the development of the three main musical skills as the learning progresses:

- Listening and appraising
- Creating and exploring music
- Performing

Early Years	<p>Teachers engage all young children with music. Music is introduced through planning and play, all the musical learning is focussed around nursery rhymes and action songs. Opportunities to play a variety of percussion instruments and explore sound.</p> <p>Music will focus on engaging the children in activities related to the developmental events taking place in their changing lives.</p>		
	Autumn Term	Spring Term	Summer Term
Year 1	<p><b>Listen and Respond</b></p> <p>Move, dance and respond with their bodies in any way they can when listening. Describe their thoughts and feelings when listening to the music including why they like or don't like the music. Talk about any instruments they might hear and perhaps identify them. Recognise some band and orchestral instruments. Identify a fast or slow tempo. Identify loud and quiet sounds as an introduction to understanding dynamics. Talk about any other music they have heard that is similar. Begin to understand where the music fits in the world. Begin to understand about different styles of music.</p> <p><b>Learn to Sing the Song</b></p> <p>Sing, rap or rhyme as part of a choir/group. Begin to demonstrate good singing posture – standing up straight with relaxed shoulders. Sing unit songs from memory. Perhaps have a go at singing a solo. Try to understand the meaning of the song. Try to follow the leader or conductor. Add actions and/or movement to a song.</p> <p><b>Play Instruments with the Song</b></p> <p>Play a part on a tuned or untuned instrument by ear. Decide to play Part 1 or Part 2.</p>	<p><b>Listen and Respond</b></p> <p>Move, dance and respond with their bodies in any way they can when listening. 	<p>Learn to treat instruments carefully and with respect.  Rehearse and perform their parts within the context of the unit song.  Learn to play together with everybody while keeping in time with a steady beat.  Perform short, repeating rhythm patterns (ostinati or riffs) while keeping in time with a steady beat.</p> <p><b>Improvise with the Song</b></p> <p>Explore and begin to create personal musical ideas using the given notes for the unit.  Understand that improvisation is about making up your own very simple tunes on the spot.  Follow a steady beat and stay 'in time'.  Improvise simple vocal patterns using 'Question and Answer' phrases.  Understand the difference between creating a rhythm pattern and a pitch pattern.</p> <p><b>Compose with the Song</b></p> <p>Begin to understand that composing is like writing a story with music.  Explore sounds and create their own melody.  Perform their simple composition/s using two, three, four or five notes.  Use simple notation if appropriate: Create a simple melody using crotchets and minims.</p> <p><b>Perform the Song</b></p> <p>Rehearse a song and then perform it to an audience, explaining why the song was chosen.  Add actions and perhaps movement to the song.  Perform the song from memory.  Follow the leader or conductor.</p>	<p>Learn to treat instruments carefully and with respect. Year 3	<p><b>Instrument: Recorders Autumn 1</b></p> <p>Revise and play B. Know the pulse and that all music has a 'heartbeat' which underpins the other building blocks of music such as rhythm (long and short sound) or pitch (high and low sounds). Use a Rhythm Grid with 4 beats in a bar. Create own pattern of music on a Rhythm Grid. Revise and play A. Play along with a piece of music. Play rhythmic patterns using both A and B. Revise and play G.</p> <p><b>Autumn 2</b></p> <p><b>Listen and Respond</b></p> <p>To share their thoughts and feelings about the music together. Find the beat or groove of the music. Invent different actions to move in time with the music. Talk about what the song or piece of music means. Talk about the style of the music. Identifying and describing their feelings when hearing the music including why they like or don't like the music. Use appropriate musical language to describe and discuss the music.
